Additional Coverage for Front Seats (PT 202)

The Hollander Interchange now includes complete coverage for Front Seats for model years 2000 through 2009, as well as any models updated for 2010.

Reference Part Type Name Changes

The following reference part types have been renamed.

- **Interior Mirror (PT 267)** is now **Int Rr View Mirror**.
- **Interior Sun Visor (PT 268)** is now **Sun Visor/Shade**.
- **Wdsh Wiper Arm (PT 626)** is now **Wiper Arm**.

Mitsubishi Part Numbers

Mitsubishi will no longer allow us to display their Wheel and Wheel Cover original manufacturer's part numbers to recyclers. This follows the 75.03 announcement that Toyota/Lexus was doing the same, and seems to indicate a growing trend for others to follow a similar restrictive path that Chrysler took about 4 years ago. Interchange still contains both Mitsubishi and Toyota/Lexus/Scion ID numbers you were accustomed to seeing in these two part types. This change affects users of Powerlink, E-Book, QuickView and printed manuals as well as other systems that use the Hollander Interchange. This does not impact our production of part fitment for the Interchange, only what we are allowed to display to our end users.

Interchange Action Requests (IARs)

We processed approximately 477 Interchange Action Requests (IARs) for Hollander Interchange release 75.4.

IARs are contributions submitted by our clients to:

- Improve the Hollander Interchange
- Request new part type coverage
- Report errors and/or omissions
- Point out software and/or display issues

Submitting IARs

Please email or fax us your Interchange Action Requests.

Email: interchange@audatex.com

Fax: (763) 553-0644

Our Goal to You

Our goal is to fax or mail you an acknowledgement within one business day, and a status within five business days of receipt. The status response will tell you:

- If the request has already been incorporated,
- In which release the request will be incorporated,
- If we need to investigate the issue and/or request additional information.
